**Championship payouts are based on generating revenue at each tour stop and getting sponsorship from tour stop locations and other sponsors. See the web sites listed above for complete breakdown of points lists, money, rules, etc.

+ **Tour Points/Eligibility** – Open to all players that live and play darts in Missouri and Southern Illinois. Players earn points for how they finish at a tour stop. All players receive at least 1 participation point per stop. You may play in as many tour stops as you wish but participation points max out at 4. Once a player totals at least 35 tour points they are no longer eligible to play in a tour stop for that year. The 64 players invited to the championship will be based off the tour points list and seeded by their PPD. Complete details and the tour points list will be on the web sites listed above.
