Lungs For Lauren

Lauren Heryford was diagnosed with Cystic Fibrosis and Biliary Atresia and several other medical conditions. She needs life-saving lung and liver transplants. With the cost of transplants often exceeding \$500,000, many transplant families are unable to shoulder the financial burden of such a procedure. Lauren's family has asked for assistance from the Childrens Organ Transplant Association (COTA), a National charity based in Bloomington, Indiana. COTA is dedicated to organizing and guiding communities in raising funds for transplant-related expenses. COTA's services are free of charge and 100% of funds generated go to transplant expenses.

Here in St. Louis, volunteers are helping to raise funds for COTA and for Lauren. At the Bistro Open we will hold a silent auction and run 50/50 raffles all day long to help raise money. Please come out and help us raise some money for COTA. COTA is a 501(c)(3) organization.
